Comment on FR Doc # 2015-14921

Submitter Information

Name: Michael Minner

General Comment

One of the founding principles of our country is that we the people should have the right to direct our own lives. I would never turn control of my finances to the anyone with such a dismal financial record as our government, at any level! Keep your hands off of my money and my life. I do not support any branch of the government having any control of my IRA or my 401K.
